

A large American flag is shown waving on a tall silver pole against a dramatic sunset sky. The sky is filled with orange and yellow clouds, and several birds are flying in the distance. The bottom of the image shows the dark silhouette of trees.

Government Travel is Changing
TI Government Services is Ready

Servicing Those Who Serve

TI Government Services is a GSA schedule contractor providing more than 40 years of exceptional travel management support within the Federal Government and Private Sector. We understand the need for **accuracy, efficiency, safety and clarity** at all times. This, along with the enhancements available through GO.gov, extends our ability to deliver highly personalized attention to detail, combined with the **innovation of proprietary technology** tools and services. We are proud to bring our expertise to our current agency clients and to those new agencies interested in a more advanced approach to our government travel management partnership.

Thank you for your service and for allowing TI Government Services to be your agency's partner of choice!

Your Value - Our Commitment

Exceeding Service Expectations

We are committed to surpassing the expectations of both your travelers and agency stakeholders at every interaction. Thanks to our highly skilled team of Government Travel Consultants and Government Program Managers, you'll immediately recognize the value of our partnership. As experts in government travel regulations, per diems, approvals and Federal Travel Requirements (FTR), we specialize in guiding and supporting every aspect of your program.

Technology Forward

Technology is advancing at an unprecedented pace and you need a partner who leads in innovation by staying ahead of the trends. At TI Government Services, we are committed to ensuring accuracy, compliance and the security of information flow, all of which are crucial to your agency. We are proud of our travel technology development team, which brings more than 40 years of business travel experience and extensive knowledge of GSA requirements. They excel at designing travel programs and solutions that are tailored to meet your agency's changing needs.

Emergency Deployment

The future is unpredictable and emergency and short notice deployments are a necessity. TI provides the technology efficiencies, embedded compliance security and communication that allows small and large group movements - including unprofiled travelers - to be serviced when and where you need it, any time of day.

Real Time Data Clarity and Analytics

Ease of access, customized reporting and clarity of data in real time are the keys to understanding the success behind our approach to cost management and adherence for your agency travel program. We provide graphical dashboards with drill down detail by department to the traveler level, confirming policy adherence and budgetary management.

Safety and Duty of Care

Safety is always top of mind at Travel Incorporated and TI Government Services. We have built and deployed the technology to ensure you have real-time access to traveler monitoring, pre-trip risk management and two-way communication in the event of any travel or political emergency.

Traveler Tools and Services

Your travelers need their travel information any time of day in real time - all at the palm of their hand. From our proprietary itinerary and standard invoicing, to our expertise in designing a compliant and personalized online travel experience, there is no travel management partner better equipped to deliver the tools your travelers need and expect!

FTR Compliance

Accuracy is not an option - it is our commitment

TI Government Services incorporates our depth of federal government knowledge with best in breed technology to ensure accuracy for the extensive directives and guidelines within the **Federal Travel Regulations** framework.

We take on the heavy lifting to ensure **complete compliance** with every reservation on behalf of the Code of Federal Regulations and the Federal Register.

Introducing **Policy IQ** - Proprietary Travel Compliance Management combined with Intelligence and Sophistication.

The screenshot displays the PolicyIQ interface for a client named 'GENERAL INC.'. It features a sidebar with 'GENERAL INC. PREFERENCES' for Air, Hotel, Car, and UDIDs, listing various airlines like AS, Alaska, LIA, United, NIZ, New, BA, British, SBI, Sabena, AZ, Alka, AA, American, WN, Southwest, DL, Delta, AC, Canada, NH, Nippon, OS, Austrian, IB, IBERIA, LH, Lufthansa, LX, Swiss, AF, France, KLM, KLM Royal, and VS, Virgin. The main area shows 'UNUSED TICKETS (18)' with a table of two tickets: Ticket 1 (DL 7061729720 N7C68R) from ATL to BCN, and Ticket 2 (DL 7061729720 N7C68R) from BCN to ATL, both valued at 2474.70 and expiring on 02/26/2025. Below this is a 'Policy' section with 'Ops Policy Management' and a tree view of 'General Inc. - Policy and Procedures' including categories like General Information, Requirements, After Hours, Air, Car, Hotel, Relocation, Deployment, Candidate, and Department/UDID Information.

Real-time QC platform combining mid-office and point-of-sale pre-ticketing policy validation.

PolicyIQ rules allow agencies to benefit from enforced policies related to savings, expense controls, compliance, governance, risk management and operational guidelines. These policies can cover a wide range of areas, from simple to complex financial regulations, HR policies, high-risk destinations and more.

PolicyIQ uses integration, automation and data-secure AI as a platform to perform presentations and real-time checks against company data feeds, GSA per diem data, currency conversion, medication exceptions, travel authorizations and Fly America Act checks, just to name a few.

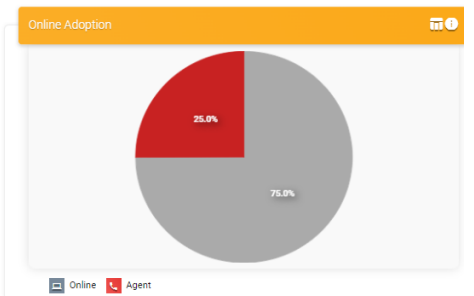

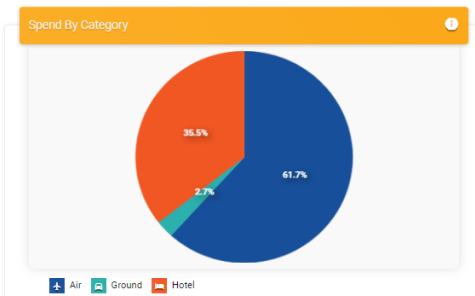

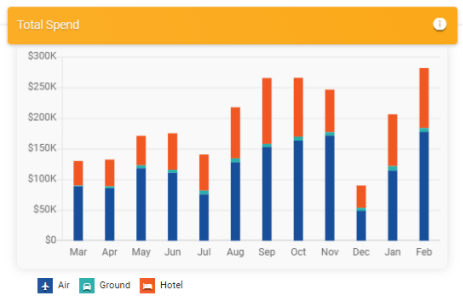

What does this mean to you?

Through our travel technology platform, combination of travel products and commitment to accuracy, you will receive improved efficiency, reliability, cost control, policy scalability and flexibility to meet current regulatory requirements and future shifts as our industry continues to evolve.

Clarity of Data Reporting

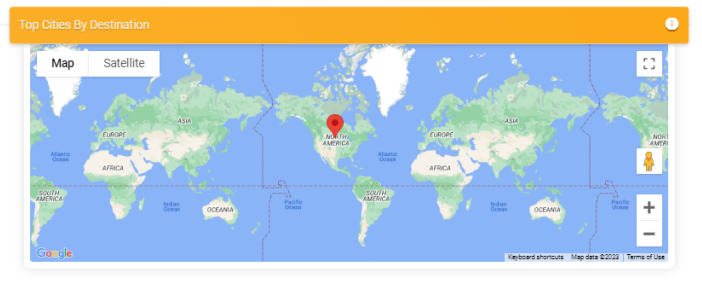

Real-time access, ease of use and clarity of information is fundamental to data reporting and analytics. TI Government Services provides access to customized reports specific to your agency needs, building in the flexibility to support the ongoing changes and modifications within the GSA requirements without the need for periodic updates!

All reports have been designed specifically with today's Federal and Private sector agencies in mind, delivering real-time data to help guide your business decisions, and identifying areas for cost avoidance and containment.

Top Travelers

Traveler	Tickets	Total	Average	Online %
1 Broussard, Troy Joseph	32	\$11,608	\$363	71.88%
2 Fernandez, Edda Ivonne	28	\$9,265	\$331	71.43%
3 Rodriguez, Lisa Ann	26	\$8,100	\$312	88.46%
4 Moore, Maria Teresa	26	\$7,719	\$297	69.23%
5 Jennings, Sarah Dahlin	24	\$8,782	\$366	75%

Duty of Care

YOUR AGENCY will be provided with a suite of our proven travel technology systems designed to effectively monitor, track and communicate with your travelers both a proactive and reactive approach to potential and real-time travel emergencies. Whether you are requiring a current traveler location search or a future filtered search for pending travel, TI Government Services has the technology to connect you with your travelers to ensure their safety.

Real time – global view of your travelers:

Knowing where your travelers are at any time is critical to today's Duty of Care requirements. Visually track flight paths, current plane locations for active air segments, arrival status and all travelers on board a specific flight.

Pre-Trip Risk Mitigation: Proactive notifications to your risk management department when one of your travelers books a trip to a region deemed high risk. This provides the opportunity to review the purpose of the trip against the potential risk or security concerns for that region.

Features Include:

Marker Cluster Map Rendering

Access to Traveler Itinerary

Emergency Contact Details

Flight Path Status

Connecting Flight Status

Hotel Only Identification

TI Government Travel Team

Your Value is our Commitment to service! Our people care deeply about the service you deserve, delivering consistency in quality, a dedication to excellence and the expertise required to support your agency's unique program requirements.

What you will receive:

- Dedicated phone for your agency
- Service hours of operations that complies with the GSA Master Contract
- Emergency after hours support 24/7/365
- All TI Government Services travel consultants are in-house - we never outsource
- Consistency of service any time of day
- Government Specific training program, including recursive training and updates on FTR compliance, per diem, approvals and policy adherence
- Technology geared specifically to group movement and deployment

TI Roster

Federal government emergency deployments do not have the luxury of a set timeframe or advance notice when you will be required to deploy your teams. TI Government Services is here for you any time of day, understanding the necessity of rapid response for emergency deployment. We have developed proprietary technology which is used today to deploy thousands of front line workers to hurricane disaster areas, wildfires and global incidents. We utilize our TI Roster to import your travel requirements, syncing traveler profiles, building reservations, providing the highest levels of efficiency and accuracy in the industry.
